Your Excellency,

Please find enclosed the letter directed to the World Jewish Congress,  
I hope you can understand our bitter needs to be heard properly and we seek  
redress for the art stripped from us and our families before and during the Second  
World War. The position the Netherlands takes in that respect lags far behind the  
other countries of the European community. We ask you for your intervention and to  
consider our stories and the great injustice happening here.

Yours sincerely,

Nick Goodman
